

Vivek Sajwan

AI PRODUCT MANAGER · GENAI / RAG PLATFORMS

Toronto, ON, Canada · viveksajwan95@gmail.com · linkedin.com/in/vivek-sajwan · github.com/viveksajwan95

SUMMARY

- Technical Product Manager (AI/ML | GenAI/RAG) in healthcare and B2B SaaS — shipped a HIPAA/PHIPA-ready medical copilot with citations and human-in-the-loop review.
- Built eval harnesses (golden sets, offline metrics, online canaries, regression gates in CI/CD) and hybrid retrieval (BM25 + vector search + re-ranking) so quality holds through model/prompt changes.
- MBA + B.Tech Computer Science — ex-founder who scaled a marketplace to 120K+ users; led a 54-club, 5,300+ volunteer district to 87% growth.

EXPERIENCE

Technical Product Manager — AI/ML & GenAI/RAG

Oct 2023 — Present

pareIT · California, US (Remote)

- Shipped generative-AI features for clinical workflow automation (Claude, OpenAI), reducing manual processing time 48%.
- Built the eval harness — golden sets, offline RAG metrics, online canaries, regression gates in CI/CD — keeping quality stable through model/prompt changes.
- Launched closed-loop medical copilot (Pinecone-backed RAG with citations + feedback capture); hybrid retrieval with re-ranking improved answer grounding.
- Established HIPAA-compliant AI governance pipeline (PHI redaction, audit trails, incident runbooks).
- Scaled vectorised search/inference to 200% user growth at 99.97% uptime; defined North Star metrics in Mixpanel/Amplitude.

Product Manager

Apr 2023 — Jun 2023

Adicator · Vancouver, BC

- Crafted data-driven roadmap using RICE and story mapping; introduced CI/CD practices that reduced deployment times 40%.
- Facilitated agile ceremonies that removed bottlenecks and accelerated feature delivery 35%.

Technical Product Manager

Dec 2021 — Dec 2022

Deleezy · Vancouver, BC

- Orchestrated B2B go-to-market achieving 65% activation within first 14 days of launch.
- Cut post-release defects 52% via quality gates and pre-merge product checks; sustained 98% on-time delivery.
- Redesigned onboarding and systemized a design system, lifting feature adoption 37% and task completion 23%.

Technical Product Manager

Jul 2021 — Jul 2022

Paas Research · Delhi, India

- Launched blockchain-based survey MVP; API gateway strategy accelerated partner onboarding 5x (15 partners in 3 months).
- Ran pricing experiments and usage analytics informing v2 roadmap; crafted GTM assets lifting conversion 23%.

Software Engineer

Aug 2018 – Jan 2021

Newgen Software · Noida, India

- Built AngularJS UI screens and backend procedures for enterprise ECM clients; pre/post-production support and third-party integrations.

Founder & Head of Product

Jan 2012 – Nov 2017

CakeNinja App · Delhi NCR

- Grew bakery-delivery marketplace to 120,000+ users through product-led viral acquisition loops.
- Tiered subscriptions raised ARPU 27%; onboarded 138 bakery partners within seven months — built and operated in parallel with university.

District Secretary & Deputy District Representative — Leadership

Rotaract District 3012

- Operated portfolio of 54 clubs / 5,300+ volunteers; grew membership 87% and raised \$62K in one year.
- Delivered Project Pankh — 270 sanitary pad vending machines impacting ~54,000 students.
- Honors: Paul Harris Fellow; Governor's Award for Best Rotaractor; District Torch Bearer.

PROJECTS

EvalLake — AI quality intelligence platform

github.com/viveksajwan95/EvalLake

- Designed end-to-end as a PM: problem definition, personas, JTBD, success metrics, v1 scope.
- Turns LLM evaluation results into structured data with regression detection, prompt-change lineage, and CI/CD release gates.
